WASHINGTON WEAK PITCHERS.  
Johnson Only Veteran Pitcher—Cleveland  
Last Star Pitcher to Federals.

With but one veteran pitcher who  
can be relied upon and practically  
the same lineup, many to expect  
the team in second place last year,  
the prospects of the Washington-American  
League ball club of equaling their  
performance this year are not particularly  
bright. The team lacks batting  
power and Manager Griffith has failed  
in his efforts to strengthen the de-  
partment. Unless he can pick up one  
or two good hitters during the season  
or the veteran shortstop, Jimmie  
Eveland, improves his team batting is  
going to be weak. Griffith himself ad-  
mits it. Canfield, the first baseman,  
is Washington's best pitcher, and as he  
batters better than last year, his team  
much is expected of him.

The pitching staff cannot be said  
to show improvement over last year.  
Walter Johnson, who was the best  
pitcher since Bob Foss was lapped by  
St. Louis Federal and Tom Hughes  
was sold to Los Angeles, has been  
though he was with the club last year  
and pitched phenomenal ball is still  
considered a young man, and as most of  
the remainder of the staff, the most  
promising are Shaw, who was with  
York, Pa., in the Tri-State league last  
year, Ayers, who was with the Red  
birds in the Virginia State league;  
Bentley, a southpaw from the local  
and Iowa, and Harpe, another port  
sider from Hackensack, N. J.

The outfield will be unchanged.  
Moeller will be in right, Miller in cen-  
ter, and Shanks in left. Griffith has  
one or two young outfielders on his  
staff, but thus far they haven't shown  
anything to warrant the breaking of  
this trio.

The infield will line up with Gaudin  
on first, Morgan on second, Foster on  
third, and Captain McBride at  
short as last year. Scott, a recruit,  
and Gaudin, who was with the club  
last year will be utility men. Schaf-  
fer, the veteran, will also act in that  
capacity.

Behind the bat Griffith is well forti-  
fied having Henry, Almsmith and Al-  
va Williams.

# WILDLINGLY HIGH SWAPPED

N. F. A. Baseball Team Shut Them Out by Score of 10 to 0—  
Only Four Hits Made Off Benjamin and Brickley—Chick  
Stanley Hit the Ball Hard.

The Academy baseball team jour-  
neyed to Dayville, Wednesday after-  
noon and badly defeated Killingly  
High by the score of 15 to 0. The  
Academy boys had no trouble in find-  
ing Morton's curves. Right from the  
start they cinched the lead and scored  
two runs in the first inning and con-  
tinued to score pretty nearly every in-  
ning. In the last two innings they con-  
tinued in crossing the home plate four  
times in each inning.

Benjamin started work on the  
mound for the Academy and fanned  
six of his opponents and was replaced  
by Brickley in the fifth because he  
complained of a sore arm.

Everybody was clouting the ball and  
most of the hits were for extra bases.  
Murray was quite speedy on the bases  
and is already establishing a "rep" as a  
Ty Cobb on the bases. Chick Stanley,  
out of five times to bat, hit four safe  
ones, two singles and two two-bag-  
gers.

Norton, although he was easy to hit,  
fanned eight of the Academy batters.  
The team behind him made errors that  
were costly, and could have given him  
better support. In the ninth inning  
Captain Stanley led off with a double  
and clear singled, clearing the bases  
and he was scored later by L. Stanley's  
slashing single to left, netting  
four runs to end the game with  
the score:

# DOINGS IN THE AUTO WORLD

Keep the Back Straight While Cranking a Car—Wash Driv-  
ing Chains in Gasoline to Remove Dirt—Roads of Cali-  
fornia Will be in Good Condition for 1915.

To the gradually increasing list of  
automobile ailments is now added an-  
other, this time on the semi-official  
authority of the American Medical as-  
sociation. It is automobile back, ac-  
cording to the journal of the associa-  
tion, and may be caused by cranking  
a car with the back curved, or by rid-  
ing in one without keeping the back  
straight. If the back isn't kept straight  
in cranking a stiff motor, a strained  
back is liable to be taken. It is a  
habit to result—automobile back. And  
if the back is curved while riding in  
the car, the jolting is liable to do the  
same thing. The recipe for cranking  
is to keep the back stiff and bend at  
the hips and knees, not at the waist.  
While riding, one should sit straight  
up, with the hips well against the back  
of the seat. To roll in comfort means  
a bad back. This sounds bad for own-  
ers of racing type roadsters, who have  
to sit on their shoulder blades.

When hard water is constantly used  
in the cooling system, a continual de-  
posit is being made in the jacket and  
radiator by the mineral elements in  
the water. When possible, every ad-  
vantage should be taken of a spray op-  
portunity to replenish the cooler with  
rain water which nature's distillery  
has freed from all mineral deposits.  
Getting the rain water is the easiest  
part of the matter. If the experience  
of past weeks is any criterion, it is  
that it is necessary to sit until Satur-  
day and then put out a washbowl. Old  
fashioned Flushing means to have the  
water that Saturday is washed and  
opens the reservoir every week end.

To clean and lubricate drive chains,  
wash them thoroughly in gasoline and  
brush well to remove the dirt. Then,  
without wiping off the gasoline, lay

between Bentons and Pierce. The former  
weakened in the ninth. He hit  
Brennan and Manager Herzog sent  
Ames to the mound. The local threat-  
ened to win at this point when the  
pitcher by Herzog and Ames allowed one man  
to score and a base on balls filled the  
bases. The game was tied 2-2 in the  
ninth, however, and struck out Good and  
Corrigan. The score:

Smoky Joe Wood Out of the Game  
Until May—Chicago and Detroit  
Look Good.

With three star players recovering  
from illness, the Boston Red Sox will  
be handicapped in the coming stages  
of the pennant race. This  
Speaker has been suffering from a  
cold since his return from the world  
tour. He will probably be unable to  
start the season, however. Recovering  
from an operation for appendicitis, Joe  
Wood will not be able to pitch until af-  
ter May 1. Captain Wagner, the short-  
stop, has been unable to take part in  
spring practice because of rheumatism  
and will not get into the game for two  
or three weeks.

Notwithstanding these set-backs in  
development, Manager Carrigan ex-  
pects the Red Sox to finish well with-  
in the first division. With the con-  
sultants in playing form, the team  
will be substantially that which won  
the world's championship two years  
ago, and will have reserve strength in  
the addition of substitutes of high  
rank.

Opening the season, Everett Scott,  
perhaps the most promising recruit  
in the American league, will play at  
short in place of Wagner. Single at  
first, Yarnall at second and Gardner  
at third, will be in their old posi-  
tions.

The outfield composed of Speaker,  
Hooper and Lewis should be in the  
best of the game, and with Henrich-  
sen and Rebas as substitutes, illness of  
one or two members will not seriously  
affect the team's efficiency.

Manager Carrigan will head the  
same veteran catching staff of four,  
including Cady, Thomas and Numa-  
maker. Four veteran pitchers remain  
besides Wood, Collins, Bodient, Leon-  
ard and Foster, with Johnson, formerly  
of Syracuse, Kelly, of last year's  
Seattle team, and Zeiser, of Lowell, as  
candidates for permanent pitching po-  
sitions.

Chicago.  
If the White Sox have added a bit  
of batting power and a little more  
speed on the baselines, they are likely  
to prove factors in the race. Even  
without the return to old time form  
by Ed Walsh, the pitching staff is one  
reckoned on to damage batting av-  
erages, with Russell, Scott, Cicotte,  
Benn, Lathrop and Roth in shape. Ray  
Schalk is expected to do most of the  
catching for Manager Callahan, as he  
did last year, but the back stop de-  
partment has been materially strength-  
ened, it is believed, by the addition  
of a new factor that makes him valua-  
ble.

Detroit.  
For the first time in four years the  
Detroit Tigers will open the Ameri-  
can League playing season without  
big George Mullin at the pitching

After St. Louis had scored two runs  
in the opening inning on a single by  
Austin Dandridge, Detroit struck back  
with a pair of home runs by Gus Williams  
and a single by Gus Williams. The De-  
troit players made five hits off Ham-  
ilton. In the third, which netted them  
three runs, Williams was not permitted  
to take base as the ball also struck  
the bat.

A spectacular catch of a foul against  
a field boy by Maisei was the feature.

# DOINGS IN THE AUTO WORLD

Keep the Back Straight While Cranking a Car—Wash Driv-  
ing Chains in Gasoline to Remove Dirt—Roads of Cali-  
fornia Will be in Good Condition for 1915.

To the gradually increasing list of  
automobile ailments is now added an-  
other, this time on the semi-official  
authority of the American Medical as-  
sociation. It is automobile back, ac-  
cording to the journal of the associa-  
tion, and may be caused by cranking  
a car with the back curved, or by rid-  
ing in one without keeping the back  
straight. If the back isn't kept straight  
in cranking a stiff motor, a strained  
back is liable to be taken. It is a  
habit to result—automobile back. And  
if the back is curved while riding in  
the car, the jolting is liable to do the  
same thing. The recipe for cranking  
is to keep the back stiff and bend at  
the hips and knees, not at the waist.  
While riding, one should sit straight  
up, with the hips well against the back  
of the seat. To roll in comfort means  
a bad back. This sounds bad for own-  
ers of racing type roadsters, who have  
to sit on their shoulder blades.
